

Don Bosco Tech Society

Don Bosco Tech Society is a leading skill development organization dedicated to empowering youth through quality training and livelihood opportunities. With over 480 training centers across 29 states, it equips underprivileged and marginalised young people with industry-relevant skills, life skills, and professional values.

Our Mission

Skilling India by empowering youth with industry-relevant skills, knowledge, and sustainable livelihood opportunities.

Our Vision

To bridge the digital, social, and economic divide by enhancing the employability, life skills, and personal development of marginalized youth, enabling them to become confident and self-reliant individuals.

Don Bosco Tech Darjeeling

Don Bosco Tech Darjeeling has been conducting the GDA and Hotel Management (Food and Beverage Service) course since 2018 with the aim of providing skill-based training to underprivileged and needy youth. The center focuses on developing industry-relevant knowledge, practical skills, and professional values required for employment in the hospitality sector.

Over the years, Don Bosco Tech Darjeeling has successfully trained numerous young people and supported them in securing employment opportunities, helping them build stable careers and a better future.
